designed for durability, whatever the climate

From desert-dry to moist and humid, the Woodbury® line of Norman Shutters™ by Norman International® Company keeps looking its best in any climate condition. Woodbury Shutters feature UV-inhibiting finishes to maintain their brilliance and are tested for high heat deflection temperature (HDT) to ensure that your investment is protected against warping, chipping and cracking – even in the most extreme temperatures.

synergy of strength and beauty

The remarkable durability of Woodbury Shutters comes from incorporating the same advanced ABS co-polymer material used in automobile parts, football helmets and other applications requiring tough, resilient materials.

Formulated specifically for strength, Woodbury Shutters remain amazingly lightweight and beautiful. Woodbury Shutters are solid – unlike hollow vinyl shutters – with substantial louvers that won't rattle. Heavy-duty structural joints create a sturdy frame built with the same precision and craftsmanship found in fine furniture.

why woodbury?

Like any home investment, only shutters of exceptional quality can provide long-term value and help increase your home's appreciation. This requires the finest materials, handcrafting processes, advanced technology and quality control systems used to create Woodbury Shutters. Among the many advantages of Woodbury Shutters are:

EXCEPTIONAL APPEARANCE

- appeal of wood without the expense
- custom specialty shutters in any shape and size
- paintable finish allows for future color changes

DURABILITY

- UV-inhibiting finishes resist staining, fading and yellowing
- ABS co-polymer coating resists denting

DIMENSIONAL STABILITY

- withstand temperatures up to 140°F compared to 120°F for many vinyl products
- resistance to sagging, shrinking and swelling to ensure tight shutter closure

INNOVATIVE CONSTRUCTION

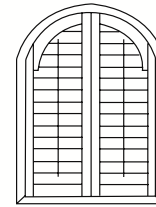

- authentic custom handcrafting without pre-fabrication and short-cuts
- hidden recessed magnets for a streamlined appearance
- solid core with furniture-quality handcrafting
- structurally superior mortise and tenon joints

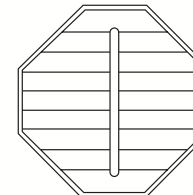

your windows never looked so good

Our finishing process gives each Woodbury® Shutter a classic look to match any décor. Select from custom specialty shapes, French-door cutouts, several soft neutral shades, and other options to personalize your Woodbury Shutters and coordinate your entire home. From a clean Pure White to elegant Bisque, Woodbury Shutters fit your lifestyle beautifully.
